Press-release

Project Katrinelund - student housing in Malmö.

As previously announced, negotiations on the sale of the Katrinelund project, which comprises 646 student housing in Malmö, are ongoing. A number of serious buyers have shown interest in the project and we expect a business solution in quarter 1 – 2019.

Construction start has not yet been initiated since the project has so far been delayed for about six months, due to an appeal process, where the counterparty lost in all instances and now finally appealed to the Land and Environmental Court after the County Administrative Board rejected their action.

We are very hopeful that this issue is finally being resolved to our advantage.
