Press release
2019-01-28

Interest payment and start message in project Katrinelund student housing in Malmö.

Interest payment of senior bond in project Katrinelund student housing in Malmö.

Interest according to conditions will be paid 2019-01-30, regarding senior bonds in Malmö Katrinelund 27 AB. The interest rate refers to the period 2018-06-15 - 2018-09-15.

Start message 1 for project Katrinelund has been granted by the City Planning Board in Malmö.

Starting message has now been given for the demolition of the two existing floors in the project Katrinelund in Malmö. The work can thus be started within a few weeks.

The Katrinelund project means that 401-646 student apartments will be built on top of the existing Katrinelund Shopping Center. Due to a long appeal process, the building is delayed by about 8 months. Currently, Malmö City Building Committee has granted building permits for 401 student apartments. An additional 245 apartments are subject to appeal and are currently in the Land and Environmental Court. Koggbron Fastigheter AB has so far been granted a building permit in all previous bodies.
